## Deliberative Process

Good afternoon –

Attached please find a revised draft of the GKM Retrospective based on very helpful comments from all of your offices. Given the desire to provide sufficient time for AA/RA level review, we are providing this version even though there are some comments that may not be fully addressed in this draft as they require coordination with multiple offices. We have worked to achieve consistency with the multitude of existing documents and are still working to add a resource page to identify the sources of information relied on in the report.

As we would like to provide a draft to the Administrator this Friday, we plan to utilize Matt's standing Thursday, 4:00 p.m. EST call to discuss and resolve any remaining concerns with this draft of the report. We recognize there are many outstanding questions regarding the cost categories in the report but we can continue to refine the cost figures cited in the report over the next week. We are also in the process of identifying potential graphics to be included in the report and welcome any suggestions on that front. Finally, a first draft communications strategy is included for your comment as we continue to deliberate on the best approach for dissemination of the final product.

Please don't hesitate to send additional comments/questions in advance of the call and we appreciate your continuing efforts to make this report as clear and accurate as possible. (As many of you are already aware, Matt has a family situation that he must attend to and neither he nor Nancy Grantham will be able to attend the call).

Sandra
